

Gimme Love

Carl Henry

Baby girl let's do what's right
Please don't even try to fight
What your feelin' deep inside your body
I know you want me, need me bad
I'll take you there, you'll be so glad
I know you feel the same way that I do
(Yes he still wants me)
I want you girl
(Wanting me so bad, I bet he still can taste me)

Chorus:

Give me your love
(Love me, hold me, squeeze me)
Give me your love
Give me love somebody
(Love me, hold me squeeze me)

Making fantasies come true, girl is what I'm here to do
Just a taste and you'll be back again, yeah yeah
I know exactly what you need, I'm tasting you, you're tasting me
I'm hoping this will never end
(Yes he still wants me)
I want you so bad girl
(Wanting me so bad, I bet he still can taste me)

Chorus

Rap:

Make a twist
Blow your back out, move it like Pegasus
Yo, boo, remember this
Last evening we was breathing heavy in the Chevy
Titanium rocks, the wrist, ice, bezzy
Watch flooded with rubies
Watching sex movies in jacuzzis
Pack the Uzi, mack the toolie
Yes I got it clap
But foolie, don't he know
That black cat named Carl Henry, mack the hoe
Plus stack the dough
Tastes broads every day, from NYC to Montreal with airplay
Platinum bound baby,
Two cats with chips, incredible whips and women licking their lips
