

Carl Henry- Hot Gal

I like em baller chicks
I like em gangsta chicks
I like a chick that's not afraid
To keep the block on lock
To keep it nice and hot,
To help a brother to get paid
And when were making love
The way she calls my name
She's such a naughty thing
Rolls with a naughty crew
And knows just what to do
She be driving me insane

Miss sixty, halters and daisies
Body, driving me crazy
She tokes that dro', she pops them things
She work them hips, she's a baller baby
A real, around the way girl
Blinging, diamonds and no pearls
She don't play games, she got no shame
She pop them things, she's a baller baby

CHORUS:

Gimme a hot girl, everytime
Bad girl, blow my mind
We like the way that they play in the summertime
If you a hot girl
Then you can ride with me anytime

She likes to start the show
Party animal she's good to go
Sunshine or pouring rain
She likes to do her thing
Her kiss is candy sweet
She's such a party freak
And I can't let go
I love her flow, I love a bad girl

Miss sixty, halters and daisies
Body, driving me crazy
She tokes that dro', she pops them thing
She works them hips, she's a baller baby
A real, around the way girl
Blinging, diamonds and no pearls
She don't play games, she got no shame
She pop them things, she's a baller baby
