

Carl Henry- Little Mama

Oh oh oh
Ohhhh 3x

Just the other night
I saw those eyes, that face
In the middle of my dreams
She was 'bout your size 5'5, big thighs tight frame
And now she's next to me
Now I can't even front like I'm feeling another
I'm talking keys to the crib with your mother
I'm talking first class trips with each other
I can't let you get away

CHORUS:

Oh Oh Oh Ohhhh
Hey little mama
Oh Oh Oh Ohhhh
It's nice to meet ya
Oh Oh Oh Ohhhh
What you thing about wining dining girl I'm
buying?
Oh Oh Oh Ohhhh
Hey little mama
Oh Oh Oh Ohhhh
Just wanna please ya
Oh Oh Oh Ohhhh
I'm thinking 'bout
Spending chips on cribs and shit for you

You look like the type
So fly but too shy to say
That you really feel me too
Girl a man like I don't come around everyday
And all your girls will stay with you
Now I can't even front like I'm feeling another
I'm talking cribs in L.A for the summer
I'm talking you calling me baby father
I can't let you get away

CHORUS

BRIDGE:

Ohhhh
What you say
What you say
What you say
Are you leaving with me?
Ohhhh
Anything, anything that you say
Baby that's what I'll be
Turn it out
Work it out
Make it bounce
Baby show me some love tonight
What's up lets ride
Little mama

CHORUS
