

ONE NIGHT STAND

Carl Henry – no rap version

CHORUS:

Could it be that you really want to
No I ain't trying to pressure you
I just want you to
Let me be your one night stand
Could it be that you really want to
No I ain't trying to pressure you
I just want you to
Let me be your one night stand

Fly girl I'm 'a break it to you
Everyday girl yes I've been watching you
I know that you're rolling solo
So won't you tell me girl what the dealeo
You've got style you've got grace
So won't you let me take you out on a date
And yes if it gets too late
We can go back and chill at my place
Voulez-vous coucher avec moi ce soir
I know you want me to go down, toe to toe, round for round
Voulez-vous coucher avec moi ce soir
I'll break you off anyway you like, you'll wanna call my name every night

CHORUS

Hey girl yes i got the funds for you
Got a shaft yes that was made for you
I can give you all that ghetto love
With some class and a little thug
I got ice you got needs
So girl come on you and i should make a deal
So don't forget i'm down for you
Starving for yours come be my boo
Voulez-vous coucher avec moi ce soir
I know you want me to go down toe to toe round for round
Voulez-vous coucher avec moi ce soir
I'll break you off anyway you like you'll wanna call my name
Every night

CHORUS

He can't love you the way I can
Cause you know girl I'm the better man
I got game and this ain't no scam
So girl let me be your one night stand
