

Separate ways - lyrics

Carl Henry

What the hell is going on
Tell me girl what is wrong
I just can't seem to understand you lately
I thought that we had something strong
But I guess boo I was wrong
Now you got me singing a different song
Two years since we fell in love
But now it seems like you've had enough
We don't do the things we used to do
Back rubs by candle light
Making love all through the night
Now all we do is nothing but fuss and fight
I need to know

Chorus:

Tell me what's your plan, do you want me for your man
Girl you say that you still want me
But you don't come around and you don't want to settle down
So girl won't you please tell me
Are you going to stay, are we going our separate ways
Girl I'm not gonna sit around
And try to figure out this charade and then get played

I call you up but you're never home
Got me feeling all alone
Sitting around wondering did I do you wrong
Why you always hesitate girl when we conversate
You don't even tell me if you love me anymore
Are you seeing someone else
Is it all just in my head
Am I now the other in your life (I don't wanna be)
Is it all over now are we going out like that
I guess this is the way that you want it to be
Won't you tell me

Bridge:

I gave you all of me
It seems that you just can't see
The love that could still be
It lives in you and me
Won't you set it free
